DEMANDING BETTER RATES

Endeavors of Omaha Business Men Likely to Bear Fruit.

CLAIMS OF OMAHA'S COMMERCIAL CLUB

Effort Made to Get Competitive Rates or Merchandise and Live Stock from the Southwest Country-Doings Among the Ballroads.

Some time ago the Commercial club appointed a committee for the purpose of attempting to secure equitable freight rates from Omaha to points in Texas and the southwestern tributary territory. This commit-tee was composed of W. A. L. Gibben, W. N. Babcock, John S. Knox and J. E. Utt, and they were to go before Chairman Day of the Southwestern Traffic association and present their claims for more equitable treatment at the bands of the railways which were discriminating against Omaha in favor of Kansas City and St. Louis.

It seems that the Omaha tariff on merchandise to the southwestern territory has been no better than from St. Paul, which is many miles north of this point. This gave the lower Missouri river cities a great advantage over Omaha merchants, and they were practically at the mercy of competitors for trade in Texas and other points. The committee appointed by the Commercial club has presented its arguments to Chair-man Day, a summary of which is as follows:

has presented its arguments to Chairman Day, a summary of which is as follows:

The rapid growth of the city of Omaha is the resuit of fortunately securing business men of ability, energy, experience and capital. The immense volume of toimage handled at this city should command the broadest consideration in the adjustment of rates seriously affecting its commerce.

Statistics given prove, from a mileage standpoint, that Omaha is entitled to the same rates as named in the St. Louis group on southwestern business. The demand of Omaha for equalized rates is even stronger, based on the commercial necessities, than on distances.

It is shown that the jobbing interest in Omaha is fully and well represented. That the merchandise seeking the Texas market is purchased entirely from the factories east. That in addition to the differentials paid above Mississippi river rates to Omaha, there are further differentials to be added between Omaha and Texas that makes rates in excess of rates from Mississippi river points direct to Texas. It is plain the rates are prohibitory to Omaha jobbers.

In making rates between Omaha and Texas points the entire system of rates that infect Omaha and competing cities should instity be

Omaha jobbers.

In making rates between Omaha and Texas points the entire system of rates that affect Omaha and competing cities should justly be cansidered, for example: Rates are the same between Kansas City, St. Joseph and Omaha on sugar from the Atlantic and l'acitic seaboard. Rates are the same in the entire northwestern territory and the most of the state of Nebraska, and are higher to Omaha than to St. Joseph and Kansas City in intermediate and equi-distant territory in Missouri and in the state of Kansas. This consideration in favor of Kansas City and St. Joseph gives these cities equal rates to a broad scope of territory immediately tributary to Omaha, and makes the demand forcible that Omaha should have Kansas City and St. Joseph rates to the southwest territory, including Okalahoma, Texas, New Mexico and Arizona.

During the spring and early summer the only available cattle of a certain class necessary to Omaha packers can be secured in Texas and Indian Territory. These cattle are an absolute commercial necessity to Omaha during this period, as they cannot be bought elsewhere. Again, the cost of hogs manufactured into product and material for the southwestern market is greater to the packers in Omaha than to the packers in Kansas City. Also it costs as much to produce farm products in Nebraska as other western states, including Kansas and Missouri.

Finally, we do not ask for a reduction in Omaha rates. We are satisfied to have rates raised at competing cities to the Omaha basis.

The members of the committee are quite confident that they will succeed in overcoming the present unjust discrimination and will open up a greater and more profitable territory for the Omaha wholesale trade than local merchants bave ever enjoyed heretofors. Charman Day has the matter under consideration, and is said to be very favorably inclined toward the Omaha trade

COLORADO MIDLAND.

Application Made Yesterday for Receivers for the System. Sr. Louis, Jan. 31.—The import of the gathering here within the past three days of three receivers of the Atchison system and the Central Trust company representatives and others became evident this noon when an application was made before Judge Caldwell for a receiver of the Colorado Midland, a separately operated portion of the Atchison system, its main line reaching from Colorado Springs to Newcastle, Colo., with braches increasing its mileage to 350 miles. The application for a receiver was based upon the fact that the road will tomorrow mortgage bonds, amounting to \$4,015,000. The road is also burdened with first mort-gage bonds amounting to \$6,250,000 and other mortgages amounting to \$868,000, besides floating debts of \$3,000,000, which its present management has found it self unable to pay. The bonds of the road are in the hands of the Central Trust company of New York, as trustee, and this com pany, through its attorneys, H. K. Rogers of Denver and H. W. Calhoun of New York. made the application for a receiver. Judge Caldwell, after a brief consideration of the marfer, decided to take the case under admatter, declared to take the case under an in-junction retaining all persons from interfer-ing with the road by attachments or in any other manner. He then announced that he would hold the road in the court's hands until Friday, when he would announce his final action and the names of the receivers. Judge Caldwell's reason for delaying ac tion until Friday was to permit the default-ing of the interest to become a fact accom-plished.

George R. Peck, general solicitor of the Atchison system, appeared for the system. Receivers McCook, Wilson and Reinhart of the Atchison were also present. Since their appointment as receivers of the Atchison, which, though owning all the stock of the Midland, operated it separately, they have been operating it under an order from Judge Hallett of the federal court at Denver.

History of the Midland. DENVER, Jan. 31.—The Colorado Midland railroad, for which a separate receivership was applied for at St. Louis today, is a broad guage road from Denver via Colorado Springs to Leadville, over the Continental range to Glenwood Springs, and thence down the Grand valley to connect with the Rio Grande Western for the Pacific coast.

Rio Grande Western for the Pacific coast.

More than \$10,000,000 was expended in its construction and equipment, and the Busk-lvanhoe tunnel, through the Saguache range, cost another \$1,000,000.

J. J. Hagerman, promoter of the Midland, first intended to build only from Leadville to Aspen for the purpose of tapping the great mineral deposits. But it was found that the only means of getting the necess that the only means of getting the neces sary supplies on the ground for the conatruction was to build from Colorado Springs, as neither the Rio Grande nor the Union Pacific would haul the rails. etc., to Leadville, except at an enormous cost to the new corporation. The road has had constant warfare and

only the energy of the management kept it from going under some time ago. The road was completed in 1888, but it was not until 1892 that it made a good showing for earnings. Since the Santa Fe went into a receiver-ship one of the chief officials has said that

Which nature is constantly giving in the shape of boils, pimples, eruptions, ulcers, etc. These show that the blood is contaminated, and some assistance must be given to relieve the trouble.

Is the remedy to force out these poisons, and enable you to

GET WELL. "I have had for years a humor in my blood, which made me dread to shave, as small boils or pimples would be cut, thus cansing the shaving to be a great aunoyance. After taking three boutles my face is all clear and smooth as it should be—appetite spleadid, sleep well, and feel like running a foot all from the use of S. S. S.

the Midland had cost the Santa Fe company the Aidiand and cost the Santa Fe company thousands of dollars since it became part of that system. Considering the difficulties which have always faced the company it is regarded as having a very good standing among western railroads.

AGGRAVATED THE SITUATION.

Action by the Union Pacific Causes Consternation in the Transcontinential. CHICAGO, Jan. 31.-The Union Pacific today aggravated the transcontinental row by an councing that it intended to pay commissions of \$3 first class, \$2 second class and \$4 for the round trip from Missouri river to north Pacific points. It declared that it had discovered that St. Paul lines were paying these commissions, and it did not prop lose any business if it could help itself.

The Soo line also came to the front by an-nouncing that it will apply the same rates from St. Paul as the Union Pacific announced on Monday from two Missourt river gate ways. These things will be pendered on to norrow by the Western Passenger lines. There is no gainsaying the fact that the sit-uation is very critical for the association, but it has a good chance still for its life. Some changes, however, must be made by the Pacific const lines in their recently established rates. As they stand now the Atchison is getting into San Francisco at \$2.50 more than any other line. It will show the other fellows that rates can go still lower than they now are if it is not given an even chance on San Francisco business.

LEAVES STOUX CITY OUT.

Union Pacific Will Cease Operating the Line E st of Nor olk. As a matter of retrenchment the Union

Pacific road will abandon its line now running into Sloux City from Norfolk. This road is owned by the Chicago, St. Paul, Minneapolis & Omaha company, but has been operated by the Union Pacific to give it a line into Sioux City in order to catch a portion of the northern Iowa traffic. The Union Pacific ran its trains over its own road from Columbus to Norfolk and from Norfolk to Sioux City over the leased line, a fistance of about sixty-five miles. The Union Pacific will abandon this part of the

Transcontinental Rate Muddle. A press dispatch from Chicago states that the transcontinental passenger troubles are becoming an awful muddle. Whether or not there is any way out of it without a whole-sale demoralization of rates remains to be seen. It developed Tuesday that the Union Pacific, in cutting rates as it has done, was only meeting the rates already made by the Northern Pacific and Great Northern. The rates were made by the two roads without notifying any of the Western Passenger association lines. This manner of doing business is not viewed with any great favor by the association lines and a meeting has been called for tomorrow to see if some way out of the difficulty cannot

Chicago's Grade Crossings. CHICAGO, Jan. 31 .- Judge Tuthill today disolved the injunction obtained by the Chiago, Burlington & Quincy railroad and the Pittsburg, Cincinnati, Chicago & St. Louis oad against the West Chicago Street railroad to prevent the latter company from naking grade crossings at various points in Will Use the Julesburg Route.

DENVER, Jan. 31.-Receiver Trumbull of the Denver & Gulf railroad decided tonight to establish a train service on the Julesburg short line next Sunday . when the Union Pacific will begin running its trains by way of Cheyenne. Will Listen to the Men.

CHEYENNE, Jan. 31 .- Judge Riner has

greed to hear the railroad men in their ob-

ection to the order signed by Judge Dundy n Monday next. If Judge Riner signs this order the case will be carried to a higher

D. W. Aldrege, traveling passenger agent of the Northwestern, went west yesterday. Ed Bignell of Lincoln, superintendent of the Nebraska division of the Burlington, is in the city.

General Manager Holdrege of the Buring-ton is expected home from Chicago today. He has been attending some important railroad meetings in the Windy City. The Missouri Pacific theater train from Nebraska City, which brought up a number of people who desired to witness "Wang" at Boyd's last night, meets with so much favor

that several other excursions of this sort will be arranged for in the near future, J. W. Munn, chief elerk of the passenger tepartment of the Elkhorn road, Chicago vesterday to be in attendance at a special meeting of the whole Western Pas-senger association. Several subjects of importance will come up at this meeting for consideration, among which is the adjust-ment of rates to Pacific coast [points and the general rate situation. The northwestern roads will also present a proposition which it is thought will provide a way for settling the difficulties which have recently arisen

in adjusting northwestern passenger rates. A majority of the western passenger agents will be in attendance at this meeting. railroad companies to stop building new lines and extensions and husband their resources This advice is based on the statement that the opening up of new roads in India, Russia and other cereal growing countries will have a tendency to keep the prices of small grain rom attaining their former standard quota-ions, and the American farmer will by force of necessity be compelled to market his grain in the cheapest manner possible. The Investor is fearful that the continued bear movement on the stocks of western roads will produce such financial straits that the companies will have to keep all their capital on hand to prevent heavy losses in depreciat-

M'BRIDE'S VIEW OF THE MINERS RIOTS President of the United Mine Workers Talks on the Pittsburg Disturbances

and Chaffs the Men Who Imported

the "Doelle" Foreign Labor,

Columbus, O., Jan. 31.-Hon. John Mc-Bride, president of the United Mine Workers of America, said today to a reporter of the Evening Dispatch that the direct cause of the Pittsburg rioting was starvation. The miners hold the operators responsible for their destitute condition. Being desperate, the miners destroyed property.

The Pittsburg district is only part of the

competitive field comprising the mines of sorthern Illinois, Indiana, western Pennsylvania and part of West Virginia. A fair relative price has been paid for mining. This relative price was based upon competitive grounds. Neither the swing price of coal in the market nor the price of mining in any part of the competitive field had been reduced when the Pittsburg operators forced a reduction in the price paid the miners. The price of mining at Pittsburg finally dropped from 75 cents, the price on the competitive basis per ton, to as low as forty cents. The de-pressed state of the coal trade gave the miners less than half work. It was difficult for them to live on their earnings.

With mining prices per ton as low as 40, 0 and 60 cents per ton and credit denied at the stores, the men were enduring some of the hardships of hunger. The price of coal was also cut, lump coal, selling at \$1.10 per ton free on board, dropped to from 50 to 80 cents per ton. The run of the mine is selling at 50 cents free on board. Nut and black formerly profitable, is now a dead weight. On account of this state of affairs at Pittsburg, West Virginia miners have been com-pelled to accept reduced wages. Mr. Mc-Bride says the Ohio mines are practically closed and that the Ohio miners must also accept wages below the scale to meet Pitts-

ourg rates or do without work. He closes by rapping the knuckles of the nen who brought non-English speaking miners here because they were supposed to e more tractable than the native English speaking workmen and are now busing the Hungarians because they are lesperate over a lack of work at rates sufficient to feed them.

ALL IS QUIET TODAY. Raid Made by the Deputies on Some of the

Amarchistic Strikers, Mansfield, Pa., Jan. 31.—Twenty deputies under Chief Lowrie made a raid on the anarchist settlement at Bower Hill this morning and arrested ten Slavs ann Italmas. They are regarded as desperate men and are now in jail. These were the nen who wanted to hold a meeting on Monday, raise the red flag and dectare for blood. Their meeting house was searched for dynamite and arms, but only two guns were

found. Another raid under Deputy Hawes and ten assistants was made during the night and ten foreigners, suspected of burning the Ease tipple on Saturday, were captured. The men were all armed and several resisted Arrest, but no one was injured. They were Russians, Poles and Italians.

Quiet prevails through the region, but the mines are still under guard. A large number of Slavs applied for work today and this is looked upon as a guaranty that they have given up the fight and are willing to abide by the laws.

A meeting to consider the strike will be held by the miners at Mansfield this after-WEST VIRGINIA MINERS OUT.

They Refuse to Accept a Cut of More Than Three Cents and Strike. WHEELING, W. Va., Jan. 31,-The strike of be miners of the Panhandie district, which ncludes all the mines of Ohio, Brooke and Marshal counties, is now on in carnest. The ocents a ton, which was designed to put them on the same footing as Pennsylvania miners. The men would accept a reduction of out 3 cents and an order was issued for all miners to leave the mines at once. applies to all miners, including those at Elm Grove, who have been working under an

FAR FROM BANKRUPT. What the State of Kansas Has Produced for the Past Year.

TOPEKA, Kan., Jan. 31 .- The report of the Kansas department of agriculture for the quarter ending December 31, just issued, is largely occupied with the statistics of 1893. The statistics indicated that, in spite of adverse crop conditions and low prices, so widely prevalent, Kansas, in the year 1893, raised field crops worth nearly \$70,000,000, and marketed live stock and agricultural and horticultural products worth \$53,000,000 more, besides undoubtedly having as much live stock yet on hand as in March, the valu-ation of which is upward of \$98,000,000.

The yield of winter and spring wheat was 24,837,523 bushels, value, \$10,954,110; corn, 118,624,639 bushels, value, \$32,621,762; onta 28,194,717 bushels, value, \$6,488,342; animals slaughtered or sold for slaughter, value, \$42,•

867,186, value, \$44,729,672; mules, 88,585, value, \$5,493,270; milch cows, 567,353, value, \$11,347,960; other cattle, 1,505,273, value, \$25,-580,641; shuep, 224,052; value, \$502,880; swine, 1,406,086; value, \$10,545,645.
